

DISABILITY ACCOMMODATION POLICY

Poltava State Agrarian University recognizes the importance of equal access to education and accommodation for all students, including those with disabilities. We strive to create a barrier-free environment where everyone has the opportunity to realize their potential, receive a quality education, and actively participate in the life of the university community.

Policy Basics

The university provides an inclusive environment that guarantees students and employees with disabilities equal access to education, work, and housing.

Basic principles

- equality of rights and opportunities;
- creation of a barrier-free space;
- financial support for adaptation measures;
- confidentiality and respect for the dignity of each person;
- partnership with institutions and organizations in the field of inclusion.

Implementation mechanisms

- provision of accessible infrastructure (ramps, elevators, adapted sanitary rooms);
- provision of assistive technology (typhlotechnology, special software, etc.);
- development of individual educational programs;
- training of staff on inclusion issues;
- annual budget planning for accessibility measures.

Additional provisions

The policy is reviewed annually. Monitoring of effectiveness is carried out by relevant university specialists.
